The CIA was founded in 1982 after the death of Vicki Bush, wife of cutting horse trainer Jimmy Bush, who lost her courageous battle with cancer. This tragic loss sparked the need for charity and assistance in the cutting horse industry. The NCHA Charities Foundation had already been established following the tragic death of young Trey Shelton, son of long time NCHA member Ralph Shelton. The two causes joined forces and became known as the National Cutting Horse Association—Cutters In Action Foundation, or CIA.

The CIA's top priorities are the education of our youth and assistance to the NCHA families in times of crisis. There are a total of nine memorial scholarship funds awarding twenty plus scholarships to the youth in order to help ease the financial burden of costly educational institutions. The CIA Crisis Fund was also established to assist individuals and families in time of need.

The CIA has been a tremendous help to many of the NCHA members. Scholarship funds of over \$1,724,750 have been awarded to children of NCHA members and \$228,690 from the Crisis Fund has been used to assist NCHA families in times of need. Help from this fund is available to NCHA members in accordance with criteria established by the Foundation.

The CIA needs continuous support to help insure other members' assistance when needed. There are several ways you can be supportive of the CIA and its purpose. The CIA relies on a significant amount of its annual revenue from the membership dues. Memorial gifts and tribute gifts can also be made in honor of your friends and families. The family member or friend is advised of the gift given in their behalf. All dues and other contributions to the Cutters In Action are tax deductible. Please join today and give the needed support to both our youth and our friends in time of need.
