2. What do you feel should be the most important issue addressed by the leadership of NCHA at this present time? *Required

4. Your vision of how and what the NCHA can do to sustain and grow membership: *Required

Answer: The experience and knowledge that I have gained in this industry over the years should help me best represent my region. I am very willing to surround myself with people that are very knowledgeable to help educate me on the past so that I can make an accurate decision. I love this sport and would love to give back.
